PRIVATE PERSON

Obernai village

This treasure hunt is aimed at private persons

The itinerary takes the teams to the historic centre of Obernai, where Sainte Odile, the Patroness of Alsace, was born. The old fortifications still surround the city center, with medieval and Renaissance houses. The market square in the centre is flanked by a wheat market, a town hall, a belfry and a famous 6-seals well.

RALLY-HIGHLIGHTS

The treasure hunt takes place in the form of a Roadbook which gives instructions:

- **Discover the local heritage:** history and anecdotes about the main buildings are developed
- **Stimulate the sense of observation:** the questions lead to a search for answers on the facades of the buildings.
- **Developing guidance:** the path to be followed is defined
- **Contributing to group spirit:** A single Roadbook is distributed to each team of 5 to 8 members
